

Safety Data Sheet

### **SECTION 1. IDENTIFICATION**

| Product Identifier<br>Other Means of | FVP Hand Cleaner With Lanolin<br>FVPHC-101P, FVP HC-105, FVPHC-SAM   |
|--------------------------------------|--|
| Identification                       |  |
| Recommended Use                      | General use by professionals and for the workplace for the removal of heavily soiled dirt, grease, and grime on hands and skin |
| Restrictions on Use                  | For use only as recommended  |
| Initial Manufacturer /               | Factory Motor Parts  |
| Supplier Identifier                  | 1380 Corporate Center Curve, Suite 200   |
|                                      | Eagan, MN 55121  |
|                                      | Phone: 866-387-3343  |
| Emergency<br>Telephone Number        | INFOTRAC 1-800-535-5053  |

### **SECTION 2. HAZARD IDENTIFICATION**

Classification Eye irritant

Category 2A

Label Elements

EMERGENCY OVERVIEW

Causes eye irritation Signal word: Warning

Pictograms: Exclamation Mark

Appearance: Pink Physical State: semi solid Odor: Banana

Precautionary Statements - Prevention

Wash hands and skin thoroughly after handling. Wear eye protection/face protection.

Precautionary Statements - Response

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

Other None identified Hazards

#### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Chemical Name  | CAS No.     | Concentration | Common name /<br>Synonyms | Other identifiers     |
|--|-------------|---------------|---------------------------|-----------------------|
| Petroleum<br>distillates,<br>Hydrotreated Light                  | 64742-47-8  | 30-40%        | None                      | Petroleum Distillates |
| Petroleum<br>Distillates,solvent-<br>refined light<br>paraffinic | Proprietary | 10-20%        | None                      | Petroleum Distillates |
| 2-Ethyl Hexanol<br>EO-PO Nonionic<br>Surfactant                  | 64366-70-7  | 1-5%          | None                      | Surfactant            |
| Propylene Glycol   | 57-55-6     | 1-5%          | PG                        | Emulsifier            |
| All other ingredients are below reportable amounts               |             |               |                           |                       |

#### **SECTION 4. FIRST-AID MEASURES**

| difficulty.  |
|--|
| Skin Contact Get medical advice if irritation develops.  |
| Eye Contact In case of eye contact, flush with water and get medical attention if needed. (see precautionary statements) |
| Ingestion DO NOT induce vomiting. Rinse mouth with water. Get immediate medical if not feeling well.                     |
| Most Important May cause eye irritation  |
| Symptoms and   |
| Effects, Acute and   |
| Delayed  |

Immediate Medical If exposed and feeling unwell or are concerned, seek medical attention Attention and Special Treatment

### **SECTION 5. FIRE-FIGHTING MEASURES**

| Extinguishing Media:<br>Suitable Extinguishing<br>Media              | Use dry chemical powder, alcohol-resistant foam, or carbon dioxide. Water spray, but DO NOT use heavy or strong water steam, which may spread flames                                     |
|--|--|
| Unsuitable Extinguishing<br>Media                                    | DO NOT use heavy or strong water steam, which may spread flames  |
| Specific Hazards Arising from the Product                            | Nature of decomposition products not known   |
| Special Protective<br>Equipment and Precautions<br>for Fire-Fighters | Exercise caution when fighting any chemical fire<br>Wear self-contained breathing apparatus for firefighting if necessary.<br>In case of major fire, evacuate area, fight fire remotely. |

# SECTION 6. ACCIDENTAL RELEASE MEASURES

| Personal Precautions, Protective | Avoid breathing vapors, mist, or gas.                           |
|----------------------------------|---|
| Equipment, and Emergency         | For personal protections see section 8.                         |
| Procedures                       |   |
| Methods for Containment and      | Contain Spillage.   |
| Cleaning Up                      | Place in container for disposal according to local regulations. |

### **SECTION 7. HANDLING AND STORAGE**

| Precautions for Safe           | Avoid inhalation of vapor or mist   |
|--------------------------------|---|
| Handling                       | Wear proper personal protective equipment.  |
| Conditions for Safe<br>Storage | Store in original container.<br>Keep Container tightly closed in a cool, dry, and well-ventilated area.<br>Containers which are opened must be carefully resealed and kept upright to prevent<br>leakage. |

### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Control Parameters

| Chemical Name                  | ACGIH® TLV®          |      | OSHA PEL |      |
|--------------------------------|----------------------|------|----------|------|
|                                | TWA                  | STEL | TWA      | STEL |
| Distillates (petroleum),       | 400mg/m <sup>3</sup> |      |          |      |
| Hydrotreated Light             | 100ppm (Vapor)       |      |          |      |
| Propylene Glycol (CAS 57-55-6) | $10 \text{ mg/m}^3$  |      |          |      |
|                                | (Aerosol)            |      |          |      |

Notes:

| Appropriate<br>Engineering Controls | Emergency eye wash and shower stations should be in ready proximity of any potential exposure hazard.<br>Ensure adequate ventilation is maintained in use areas.<br>Ensure all national/state regulations are observed. |
|-------------------------------------|---|
| Individual Protection<br>Measures   | Apparel: Gloves, goggles, or face shields, and respiratory equipment should be worn when handling bulk product.   |
| Eye/Face Protection                 | Wear chemically resistant goggles or face shields.  |
| Skin Protection                     | Use appropriate protective clothing, (i.e. chemically resistant materials and fabrics).   |
| Respiratory<br>Protection           | Wear approved respiratory protection when necessary. (i.e. exposure limits are exceeded or unknown, when ventilation is inadequate).  |

# SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

| Appearance   | Semi-solid                             |
|--|--|
| Odor   | Banana                                 |
| Odor Threshold   | No data available                      |
| pH   | 6.0 to 8.0                             |
| Melting Point and<br>Freezing Point                    | No data available                      |
| Initial Boiling Point<br>and Boiling Range             | No data available                      |
| Flash Point  | >200°F                                 |
| Evaporation Rate                                       | No data available                      |
| Flammability (solid, gas)                              | No data available                      |
| Upper and Lower<br>Flammability or<br>Explosive Limit  | No data available                      |
| Vapor Pressure   | No data available                      |
| Vapor Density<br>(air = 1)                             | No data available                      |
| Relative Density<br>(water = 1)<br>Solubility in Water | No data available<br>No data available |
| Solutinity in water                                    |  |

| Solubility in Other<br>Liquids                           | No data available |
|--|-------------------|
| Partition Coefficient,<br>n-Octanol / Water<br>(Log Kow) | No data available |
| Auto-ignition<br>Temperature                             | No data available |
| Decomposition<br>Temperature                             | No data available |
| Viscosity  | No data available |

# SECTION 10. STABILITY AND REACTIVITY

| Reactivity                             | Not reactive in normal or expected conditions                                     |
|--|---|
| Chemical Stability                     | Stable under recommended conditions   |
| Possibility of<br>Hazardous Reactions  | No known reactions  |
| Conditions to Avoid                    | No known conditions   |
| Incompatible<br>Materials              | Strong oxidizing agents   |
| Hazardous<br>Decomposition<br>Products | Carbon dioxide, carbon monoxide are common during rapid decomposition or burning. |

## SECTION 11. TOXICOLOGICAL INFORMATION

| Likely Routes of Exposur<br>Inhalation<br>Skin contact<br>Eye contact<br>Ingestion | e                                 |
|--|-----------------------------------|
| C  | been determined for this product. |

| Skin Corrosion / Irritation                                | No information available  |
|--|---------------------------|
| Serious Eye Damage / Irritation                            | May cause eye irritation  |
| STOT (Specific Target Organ<br>Toxicity) - Single Exposure | No information available. |

| Aspiration Hazard<br>STOT (Specific Target Organ<br>Toxicity) - Repeated Exposure | Not an aspiration hazard  |
|---|---------------------------|
| Respiratory and/or Skin<br>Sensitization  | No information available. |
| Carcinogenicity   |                           |
| Reproductive Toxicity:<br>Development of Offspring                                | No information available  |
| Sexual Function and Fertility   | No information available  |
| Effects on or via Lactation   | No information available  |
| Germ Cell Mutagenicity  | No information available  |
| Interactive Effects   | No information available  |

## **SECTION 12. ECOLOGICAL INFORMATION**

| Ecotoxicity                      | No information available |
|----------------------------------|--------------------------|
| Persistence and<br>Degradability | No information available |
| Bio accumulative<br>Potential    | No information available |
| Mobility in Soil                 | No information available |
| Other Adverse<br>Effects         | No information available |

| Chemical Name    | CAS No. | Toxicity                | Literature Value   | Bio accumulative Potential |
|------------------|---------|-------------------------|--------------------|----------------------------|
| Propylene Glycol | 57-55-6 | EC50 Water Flea         | 10000 mg/L (48hrs) | $L_{00} K_{000} = 0.02$    |
|                  |         | LC50 Flathead<br>Minnow | 710 mg/L (96hr)    | Log Kow = -0.92            |

# SECTION 13. DISPOSAL CONSIDERATIONS

Disposal Methods Dispose of contents and containers in accordance with federal, state, and local statutes.

### **SECTION 14. TRANSPORT INFORMATION**

| Regulation  | UN No. | Proper Shipping<br>Name | Technical Name<br>(for N.O.S. entry) | Transport<br>Hazard<br>Class(es) | Packing<br>Group |
|---|--------|-------------------------|--------------------------------------|----------------------------------|------------------|
| This material is not regulated for transportation by IMDG, IATA, Canadian TDG |        |                         |                                      | ì                                |                  |
|   | _      |                         |                                      |                                  |                  |

Special Precautions None known

Environmental Do not release into the environment Hazards

Transport in Bulk Not applicable According to Annex II of MARPOL 73/78 and the IBC Code

# SECTION 15. REGULATORY INFORMATION

| Chemical Name   | CAS No.     | Jurisdiction  | Regulation                         |
|---|-------------|---------------|------------------------------------|
| Petroleum distillates,<br>Hydrotreated Light                  | 64742-47-8  | Osha          | Z                                  |
|   |             | New Jersey    | Right to Know                      |
|   |             | Pennsylvania  | Right To Know                      |
| Petroleum Distillates,<br>solvent-refined light<br>paraffinic | Proprietary | Massachusetts | Right to know                      |
| Propylene Glycol  | 57-55-6     | New Jersey    | Right to know                      |
|   |             | Pennsylvania  | Right to know                      |
| 2-Ethyl Hexanol EO-PO<br>Nonionic Surfactant                  | 127087-87-0 | SARA 311/312  | Immediate (acute) health<br>hazard |
| Isopropanol   | 67-63-0     | Massachusetts | Right to know                      |
|   |             | New Jersey    | Right to know                      |
|   |             | Pennsylvania  | Right to know                      |
|   |             | Pennsylvania  | Environmental hazards<br>list      |

| Butylated      | 128-37-0 | SARA 311/312  | Acute Health Hazard |
|----------------|----------|---------------|---------------------|
| Hydroxytoluene |          | Massachusetts | Right to know       |
|                |          | New Jersey    | Right to know       |
|                |          | Pennsylvania  | Right to know       |
|                |          | Rhode Island  | Right to know       |
|                |          |               |                     |

California Proposition 65: This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins.

All materials Comply with the following inventories:

TSCA DSL/NDLS EINECS/ELINCS ENCS IECSC KECL PICCS AICS
