

Safety Data Sheet

according to the Hazard Communication Standard (CFR29 1910.1200) HazCom 2012

Date of issue: 12/05/2014 Revision date: 12/05/2014 Version: 1.0

#### SECTION 1: Identification of the substance/mixture and of the company/undertaking **Product identifier** 1.1. : PENRAY RUBBERIZED UNDERCOAT Product name Product code : 4424 Relevant identified uses of the substance or mixture and uses advised against 1.2. Use of the substance/mixture : Rubberized undercoat. Details of the supplier of the safety data sheet 1.3. The Penray Companies, Inc. 440 Denniston Ct. Wheeling, IL 60090 T (800) 373-6729 rotto@penray.com **Emergency telephone number** 1.4. Emergency number (800) 373-6729 CHEMTREC (800) 424-9300 CHEMTREC International +1 (703) 527-3887 24 hr **SECTION 2: Hazards identification**

2.1. Classification of the substance or mixture

#### **GHS-US** classification

Flammable Aerosol 1 Gases Under Pressure - Liquefied gas Skin irritation 2 Eye irritation 2A Skin sensitization 1 Carcinogenicity 1A Reproductive toxicity 2 (developmental) Specific target organ toxicity - Single exposure 3 Specific target organ toxicity - Repeated exposure 2

#### 2.2. Label elements

#### **GHS-US** labelling

Hazard pictograms (GHS-US)

Signal word (GHS-US) Hazard statements (GHS-US)

Precautionary statements (GHS-US)

GHS02 GHS04 GHS07 GHS08

#### : Danger

- : Extremely flammable aerosol. Contains gas under pressure; may explode if heated. Causes skin irritation. Causes serious eye irritation. May cause an allergic skin reaction. May cause cancer. Suspected of damaging the unborn child. May cause drowsiness or dizziness. May cause damage to organs through prolonged or repeated exposure.
- : Keep away from heat/sparks/open flames/hot surfaces. -No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Wash hands thoroughly after handling. Contaminated work clothing must not be allowed out of the workplace. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear protective gloves/protective clothing/eye protection/face protection. Use only outdoors or in a well-ventilated area. Do not breathe dust/fume/gas/mist/ vapors/spray. If exposed or concerned: Get medical advice/attention. If on skin: Wash with plenty of water. Take off contaminated clothing and wash it before reuse. If skin irritation or rash occurs: Get medical advice/attention. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. If inhaled: Remove person to fresh air and keep comfortable for breathing. Call a poison center/doctor if you feel unwell. Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F. Store in a well-ventilated place. Store locked up. Dispose of contents and container in accordance with all local, regional, national and international regulations.

## Safety Data Sheet

according to the Hazard Communication Standard (CFR29 1910.1200) HazCom 2012

#### 2.3. Other hazards

#### No additional information available

#### 2.4. Unknown acute toxicity (GHS-US)

8 percent of the mixture consists of ingredient(s) of unknown acute toxicity.

#### SECTION 3: Composition/information on ingredients

## 3.1. Substance

#### Not applicable

#### 3.2. Mixture

Name	Product identifier	%	GHS-US classification
Acetone	(CAS No) 67-64-1	40 - 70	Flam. Liq. 2 Eye Irrit. 2A STOT SE 3
Propane	(CAS No) 74-98-6	10 - 30	Flam. Gas 1 Liquefied gas
Butane	(CAS No) 106-97-8	7 - 13	Flam. Gas 1 Liquefied gas
Solvent 1	Proprietary	1 - 5	Asp. Tox. 1
Filler 1	Proprietary	1 - 5	Not classified
Solvent 2	Proprietary	1 - 5	Flam. Liq. 2 Skin Irrit. 2 Repr. 2 (developmental) STOT SE 3 STOT RE 2 Asp. Tox. 1
Filler 2	Proprietary	1 - 5	Carc. 2 (long fibres >5µm) Not classified (short fibres <5µm)
Thickener	Proprietary	1 - 5	Not classified
Rust Inhibitor	Proprietary	0.1 - 1	Acute Tox. 4 (Oral) Skin Corr. 1C Skin Sens. 1
Filler 3	Proprietary	0.1 - 1	Acute Tox. 4 (Oral) Carc. 1A STOT RE 1
Colorant	Proprietary	0.1 - 1	Carc. 2

\* The exact percentage (concentration) of composition has been withheld as a trade secret in accordance with paragraph (i) of §1910.1200.

SECTION 4: First aid measures	
4.1. Description of first aid measures	
First-aid measures after inhalation	: If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical advice/attention if you feel unwell.
First-aid measures after skin contact	: In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Wash clothing before reuse. Call a physician if irritation develops and persists.
First-aid measures after eye contact	: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. If easy to do, remove contact lenses, if worn. If irritation persists, get medical attention.
First-aid measures after ingestion	: If swallowed, do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get medical advice/attention if you feel unwell.
4.2. Most important symptoms and effect	cts, both acute and delayed
Symptoms/injuries after inhalation	: May cause respiratory tract irritation. May cause drowsiness, dizziness and central nervous system depression. Intentional misuse of product by inhalation can result in asphyxiation or death.
Symptoms/injuries after skin contact	: Causes skin irritation. Symptoms may include redness, edema, drying, defatting and cracking of the skin. May cause an allergic skin reaction.
Symptoms/injuries after eye contact	: Causes serious eye irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with marked redness and swelling of the conjunctiva.
Symptoms/injuries after ingestion	: May be harmful if swallowed. May cause stomach distress, nausea or vomiting.
4.3. Indication of any immediate medica	I attention and special treatment needed
Symptoms may not appear immediately. In case of	of accident or if you feel unwell, seek medical advice immediately (show the label or SDS where possible).

SECTION 5: Firefighting measures		
5.1.	Extinguishing media	
Suitable extinguishing media		: Powder, water spray, foam, carbon dioxide.

#### 12/05/2014

EN (English)

Safety Data Sheet

according to the Hazard Communication Standard (CFR29 1910.1200) HazCom 2012

Unsuitable extinguishing media :		: Do not use a heavy water stream.
5.2. S	pecial hazards arising from the sub	stance or mixture
Fire hazard		: Extremely flammable aerosol. Products of combustion may include, and are not limited to: oxides of carbon, oxides of sulphur, hydrocarbons.
Explosion hazard		: Heat may build pressure, rupturing closed containers, spreading fire and increasing risk of burns and injuries.
5.3. A	dvice for firefighters	
Protection during firefighting		: Keep upwind of fire. Wear full fire fighting turn-out gear (full Bunker gear) and respiratory protection (SCBA). Vapors may be heavier than air and may travel along the ground to a distant ignition source and flash back. Use water spray to keep fire-exposed containers cool.

SECTION 6: Accidental release measures		
6.1.	Personal precautions, protective equi	ipment and emergency procedures
General	measures	: Use personal protection recommended in Section 8. Isolate the hazard area and deny entry to unnecessary and unprotected personnel. Eliminate sources of ignition.
6.2.	Methods and material for containmen	t and cleaning up
For cont	ainment	: Contain and/or absorb spill with inert material (e.g. sand, vermiculite), then place in a suitable container. Do not flush to sewer or allow to enter waterways. Use appropriate Personal Protective Equipment (PPE).
Methods	for cleaning up	: Scoop up material and place in a disposal container. Provide ventilation.
6.3.	Reference to other sections	
-		

See section 8 for further information on protective clothing and equipment and section 13 for advice on waste disposal.

SECTION	ON 7: Handling and storage	
7.1.	Precautions for safe handling	
Precautions for safe handling		: Keep away from sources of ignition No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Avoid contact with skin and eyes. Do not swallow. Do not breathe gas, fumes, vapor or spray. When using do not eat, drink or smoke. Use only outdoors or in a well-ventilated area.
Hygiene	measures	: Launder contaminated clothing before reuse. Wash hands before eating, drinking, or smoking.
7.2.	Conditions for safe storage, including	g any incompatibilities
Storage of	conditions	: Keep locked up and out of reach of children. Do not expose to temperatures exceeding 50 °C/ 122 °F. Store away from direct sunlight or other heat sources. Store in a well-ventilated place.

#### Specific end use(s) 7.3.

### Not available.

SECTION 8: Exposure controls/personal protection			
3.1. Control para	meters		
Acetone (67-64-1)			
USA ACGIH	ACGIH TWA (ppm)	500 ppm	
USA ACGIH	ACGIH STEL (ppm)	750 ppm	
USA OSHA	OSHA PEL (TWA) (mg/m <sup>3</sup> )	2400 mg/m <sup>3</sup>	
USA OSHA	OSHA PEL (TWA) (ppm)	1000 ppm	
Propane (74-98-6)

USA OSHA	OSHA PEL (TWA) (mg/m <sup>3</sup> )	3.5 mg/m <sup>3</sup>

8.2. Exposure controls	
Appropriate engineering controls	: Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, etc.) below recommended exposure limits.
Personal protective equipment	: Avoid all unnecessary exposure.
Hand protection	: Wear chemically resistant protective gloves.
Eye protection	: Wear eye protection.
Skin and body protection	: Wear suitable protective clothing.
Respiratory protection	: A NIOSH approved respirator is recommended in poorly ventilated areas or when permissible exposure limits may be exceeded. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.
Environmental exposure controls	: Maintain levels below Community environmental protection thresholds.
Other information	: Do not eat, smoke or drink where material is handled, processed or stored. Wash hands carefully before eating or smoking. Handle according to established industrial hygiene and safety practices.

SECTION 9: Physical and chemical properties		
9.1. Information on basic physica	I and chemical properties	
Physical state	: Gas/Pressurized Liquid	
Appearance	: Opaque	
Color	: Black	
Odor	: Solvent	

EN (English)

Safety Data Sheet according to the Hazard Communication Standard (CFR29 1910.1200) HazCom 2012

Odor threshold	: No data available
рН	: No data available
Relative evaporation rate (butylacetate=1)	: No data available
Melting point	: No data available
Freezing point	: No data available
Boiling point	: No data available
Flash point	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Flammability (solid, gas)	: Flammable
Vapor pressure	: No data available
Relative vapor density at 20 °C	: No data available
Relative density	: No data available
Solubility	: No data available
Log Pow	: No data available
Log Kow	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available
Explosive properties	: No data available
Oxidising properties	: No data available
Explosive limits	: No data available

#### **Other information** 9.2.

No additional information available

SECT	ION 10: Stability and reactivity	
10.1.	Reactivity	
No dang	gerous reaction known under conditions of normal use.	
10.2.	Chemical stability	
Stable under Stable under Stable stability states states the states of t	under normal storage conditions. Extremely flammable aerosol. Contents under pressure. Container may explode if heated. Do not puncture. Do	
10.3.	Possibility of hazardous reactions	
No dang	gerous reaction known under conditions of normal use.	
10.4.	Conditions to avoid	
Heat. In	compatible materials. Sources of ignition.	
10.5.	Incompatible materials	
Acids. A	Amines. Bases. Oxidizers.	
10.6.	Hazardous decomposition products	
May include, and are not limited to: oxides of carbon, oxides of sulphur, hydrocarbons.		

SECTION 11: Toxicological information		
11.1. Information on toxicological effects		
Acute toxicity	Not classified.

Safety Data Sheet according to the Hazard Communication Standard (CFR29 1910.1200) HazCom 2012

#### 12.5. Other adverse effects

Effect on the global w armin No k logical da d by this duct

Effect on the global warming	: No known ecological damage caused by this product.	
SECTION 13: Disposal consideration	S	
13.1. Waste treatment methods		
Waste disposal recommendations	: This material must be disposed of in accordance with all local, state, provincial, and federal regulations. The generation of waste should be avoided or minimized wherever possible.	
Additional information	: Flammable vapors may accumulate in the container. Do not incinerate closed containers.	
<b>SECTION 14: Transport information</b>		
In accordance with DOT		
UN-No.(DOT)	: UN1950	
Proper Shipping Name (DOT)	: Aerosols flammable	
Department of Transportation (DOT) Hazard Classes	: 2.1	
Hazard labels (DOT)		
Additional information		
Other information	: No supplementary information available.	
Special transport precautions	: Do not handle until all safety precautions have been read and understood.	
SECTION 15: Regulatory information		
15.1. US Federal regulations		
All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory except for:		
Filler 2	Proprietary	
Acetone (67-64-1)		
EPA TSCA Regulatory Flag	T - T - indicates a substance that is the subject of a Section 4 test rule under TSCA.	
Solvent 2 (Proprietary) Listed on United States SARA Section 313		
SARA Section 313 - Emission Reporting	1.0 %	

#### 15.2. US State regulations

4424	
State or local regulations	This product contains chemicals known to the State of California to cause cancer, birth defects or other reproductive harm.

Safety Data Sheet

according to the Hazard Communication Standard (CFR29 1910.1200) HazCom 2012

# SECTION 16: Other information Indication of changes : None. Date of issue : 11/24/2014 Other information : None. NFPA health hazard : 2 NFPA fire hazard : 4 NFPA reactivity : 0
